Mr. Charles D. Neibel  
221 Witherspoon Hall  
Princeton, N. J.

Dear Mr. Neibel:

We are now gathering material for the next IBS Bulletin. Would you please send us, before the fourth of April, a short summary of the work at Station WPRU since the start of this semester? Please include notes on new programs, technical improvements, changes in station facilities, and the solution of any special problems that have arisen recently. Thank you very much for your cooperation.

Sincerely yours,

*Sonia-Jane Brown*
